

D30-LP-FU-GT-UL

Technical data:	
Voltage:	220V 60Hz 2ph
Power supply:	30 A Nema L6-30
fuse:	30A
cable:	5 x 6
Mixer motor	4 kW – 260 rpm
Water connection	¾" –wáter hose with GEKA
Mixer conveying yield:	approx. 30 l/min

Delivery includes:

- engine
- dry material hopper with connection for feeding hood, with sack opener and transport screw
- rubber mixing tube and steel mixing shaft
- bearing cover with pedestal bearing and safety outlet
- completely mounted on wheel frame
- electronic control with frequency converter
- water fittings ½"
